POWERSCAN™ 7100 — PD7100
Also available in Black
Representing the value line, this 1D imager provides rugged durability at an affordable price.

POWERSCAN™ 8300 — PD8300 / PBT8300 / PM8300
A high-end solution of features and performance for industrial applications. Datalogic's 3GL™ (Three Green Lights) technology ensure quick and reliable feedback featuring the 'Green Spot' on the code combined with dual good-read LEDs on top and on the back of the cap for increased visibility in any condition, at any angle. Includes a loud beeper for additional good-read feedback.

POWERSCAN™ 9500 — PD9500 / PBT9500 / PM9500

POWERSCAN™ DPM — PD9500-DPM / PBT9500-DPM / PM9500-DPM
The PowerScan DPM readers are rugged handheld area imagers specifically addressed and capable of reading codes marked with DPM (Direct Part Marking). Includes Datalogic's Motionix™ motion-sensing and 3GL™ (Three Green Lights) technologies.

Product Descriptions

Family	Model(s)	Description
TOUCH™	TD1100	An excellent value for those seeking a cost-effective solution. *(Also Available in White)*
QUICKSCAN™	QW2100	Entry level scanner with snappy performance and the widest scan angle/longest scan line for selected market applications.
QUICKSCAN™	QD2100, QM2100, QD2300, QD2400 2D	The QuickScan series of economical readers are designed for use in retail and office environments and offer snappy reading performance. The QD2300 laser model is the perfect solution for customers who prefer laser scanning technology. The QD2400 is capable of reading 1D and 2D bar codes and is the perfect solution to upgrade existing laser scanners to image-based technology.
HERON™	D1X0	Entry level readers packed with features that are perfect for large to small retail or POS applications.
GRYPHON™ 4100	GD4100, GBT4100, GM4100	The Gryphon 4100 series of linear imagers offer fast reading and decoding speed on 1D/linear bar codes. The extreme versatility of the Datalogic Gryphon combines many top performing and distinctive features together in a perfect balance, from reading capabilities to durability and ergonomics. *(Available in Black, White or Disinfectant-Ready Enclosures)*
GRYPHON™ 4300	GD4300	Premium features include longer reading distances, snappy reading and a bright, well-defined scan line.
GRYPHON™ 4400	GD4400 2D, GD4400-B 2D, GBT4400 2D, GM4400 2D	The Gryphon 4400 series of area imagers support virtually any 1D and 2D codes. Deep red illumination, without the flicker effect, features a center-cross aimer with four corner dots defining the reading area. Datalogic's Motionix™ motion sensing technology automatically switches between handheld and stand mode. *(Available in Black, White or Disinfectant-Ready Enclosures)*

Distinctive Features

TD1100: Cost-effective contact readers; Two width options for specific code reading; Compact and innovative 'read-thru' holder for hands-free reading; Pro models are multi-interface

QW2100: Wide scan angle / scan line; Over mold protection; Good-read 'Green Spot'; Collapsible Stand

QD2100: Affordable; Replaceable window; Ergonomic - lightweight with small form factor; Excellent reading on hard-to-read codes; Extended depth-of-field

QM2100: Most affordable cordless solution; Point-to-point communications; Scan-While-Charging; Batch Mode; Excellent reading on hard-to-read codes

QD2300: Affordable; Replaceable window; Ergonomic - lightweight with small form factor; Wider than usual scan angle for reading wider codes at short distances

QD2400 2D: Affordable 2D reader; Outstanding snappiness; Omnidirectional reading; Reduced visual stress with LED-based aiming system; Advanced motion tolerance optics

D1X0: Handheld and hands-free operation; Stand Mode automatically switches to hands-free reading; Accurate and high first-pass read rates; Complete data formatting and editing

GD4100: Superior depth-of-field; Wide scan angle; Excellent reading performance and label decoding; High resolution code reading capability; EAS option

GBT4100: All the same features as Model GD4100; Point-to-point and point-to-multi-point communication; 2-Position cradle with Scan-While-Charging; Batch Mode

GM4100: All the same features as Model GD4100; Point-to-point and point-to-multi-point communication; Optional display with 3-Key keypad; 2-Position cradle with Scan-While-Charging; Batch Mode; Anti-counterfeit option

GD4300: Superior depth of field; Wide scan angle; Aggressive reading and label decoding

GD4400 2D: Omnidirectional reading; High motion tolerance; User friendly illumination; Highly visible 4-dot aimer; Image / document capture; Decodes 1D, 2D, Postal, stacked, composite codes; Multi-interface options; Standard Range/High Density option

GD4400-B 2D: All-in-One integrated tilting base; Handheld and presentation operation; Automatic switching between handheld and presentation mode; High Density model available

GBT4400 2D: All the same features as GD4400; 2-Position cradle with Scan-While-Charging; Batch Mode capability; User replaceable Lithium-Ion battery; Point-to-point and point-to-multi-point communication

GM4400 2D: All the same features as GD4400; 2-Position cradle with Scan-While-Charging; Batch Mode capability; User replaceable Lithium-Ion battery; Point-to-point and point-to-multi-point communication; Anti-counterfeit option (433 MHz only)
