Magellan® 2200VS Vertical Scanner

Datalogic's Magellan 2200VS features OmegaTek Productivity Technology comprised of hardware and software innovations that significantly improve scanner performance by improving the first pass read rates on hard-to-read bar codes. The Magellan 2200VS offers best-in-class vertical scanning performance and software for improving POS productivity. With these and other great features, plus a very economical price-point, the Magellan 2200VS is the choice for vertical single-plane POS scanning. Standard factory warranty is one year.

**RoHS compliant versions available.
