# KIOSK III

CONTACTLESS PAYMENT PERIPHERAL

The ViVOpay Kiosk III is a robust, secure stand-alone contactless reader comprised of a compact controller module and an RFID antenna module. This design approach allows the controller module to be easily installed within minimal footprint and effort for unattended Kiosks, ATM's or other self service applications. The Kiosk III is certified with all major Contactless payment brands: AMEX, Discover, Interac, JCB, MasterCard, UnionPay, Visa, and more. In addition, it also supports Apple Pay, Google Pay, Samsung Pay as well as Apple VAS and Google Smart Tap.

POWERFUL NFC READER FOR SELF-SERVICE KIOSKS.

The ViVOpay Kiosk III supports the latest in contactless payment technology from contactless credit cards to mobile payments and loyalty.
