Loftware Cloud Compliance

The simplest way to design and print labels in a regulated environment

Loftware Cloud Compliance is the world's first, public, validation-ready Cloud labeling solution. It helps companies of all sizes manage labeling in a regulated environment.

1 Design

2 Manage

3 Integrate

4 Print

Why Loftware Cloud Compliance?

Digitize and standardize label approval processes
to avoid manual quality assurance and mislabeling

Automate mass label changes and approvals
without creating hundreds of label variations

Capture and trace
every label printed in the past 12 years

Simplify compliance
with FDA UDI, EU MDR, FDA 21 CFR Part 11 and EU GMP Annex 11 regulations

Ease validation
with a validation-ready labeling solution

Easily scale
a compliant labeling solution to multiple locations, factories or business partners

Loftware Cloud Compliance
is designed to comply with the major regulations impacting the life science industry.

EU MDR
FDA UDI
FDA 21 CFR
EU GMP A

From label template to print

Easily design compliant labels in minutes

Loftware Cloud includes a built-in label designer that delivers a familiar Microsoft Word-like user experience. You can quickly design professional labels and multi-page supply chain documents, such as delivery notes, packing slips and invoices.

Digitize quality control

Loftware Cloud Compliance digitizes the entire quality approval process. It enables you to automate mass label changes and approvals without creating hundreds of label variations. It also features a three-tier environment; development, quality assurance and production.

Comply with regulatory requirements

Loftware Cloud Compliance is designed to comply with the major regulations impacting the life science industry. It includes role-based access, document versioning, configurable approval workflows, electronic signatures (ERES) and gives you a 12-year print history.

Easily maintain a validated system

Loftware Cloud Compliance is a validation-ready labeling solution. It includes Loftware's validation acceleration pack and services, which simplify the validation process. We also reduce the validation burden by only updating the software once a year and by giving you a three month testing period before updating the production environment.

We partner and integrate with

Focus on your business, while we take care of your labeling infrastructure

Loftware Cloud Compliance is hosted in the Microsoft Azure cloud, which ensures high availability and secure storage of your label information. You benefit from the industry's state-of-the-art technology, so you are free to focus on your business and achieve faster time-to-value.
