TSP650II BTi

iOS Compatible Bluetooth Desktop Printer

Star Micronics completes its "i" Series of printers with the launch of its first desktop Bluetooth printer. Apple MFi certified, the TSP650II BTi receipt printer is approved for use with the iPod Touch®, iPhone® and iPad®.

With operating system support for iOS, Android and Windows, the TSP650 BTi can additionally print receipts or data from a web browser-based application running on a mobile device wirelessly by configuring Star's WebPRNT Browser App. Once configured, simply pair your mobile device to the TSP650 BTi, and print from WebPRNT Browser.

The TSP650II BTi features the best of both worlds by coupling the comfort of legacy products with the speed and connection options demanded today in fast-paced point of sales environments.

The TSP650II BTi's "JustWorks" SSP profile makes the pairing process very simple to use. It allows for a quick connection without the hassle of a passkey or having to choose between iOS and Android modes. Quick and ready to use, no user interaction is needed to pair the TSP650II BTi.

One attribute that grabs the user's attention is the TSP650II BTi's lightening fast print speed. Capable of printing 60 receipts per minute (300 mm/sec), the TSP650II BTi offers unrivalled processing power and outstanding data throughput. Equipped with easy "drop in and print" paper loading, small footprint and reliable guillotine cutter, the TSP650II BTi is a welcomed addition to any POS system.
