SPOTLIGHT on Applicators

TAL-2100ER • *Applicator*

TAL-2100ER

The TAL2100ER was designed and built from the ground up to address the growing need for a simple to operate electric round product label applicator. The easy to use product carriage which can be adjusted without any tools, has made it a perfect fit for numerous applications in wineries, Micro-breweries and the spice and vitamin industries.

Standard Features:

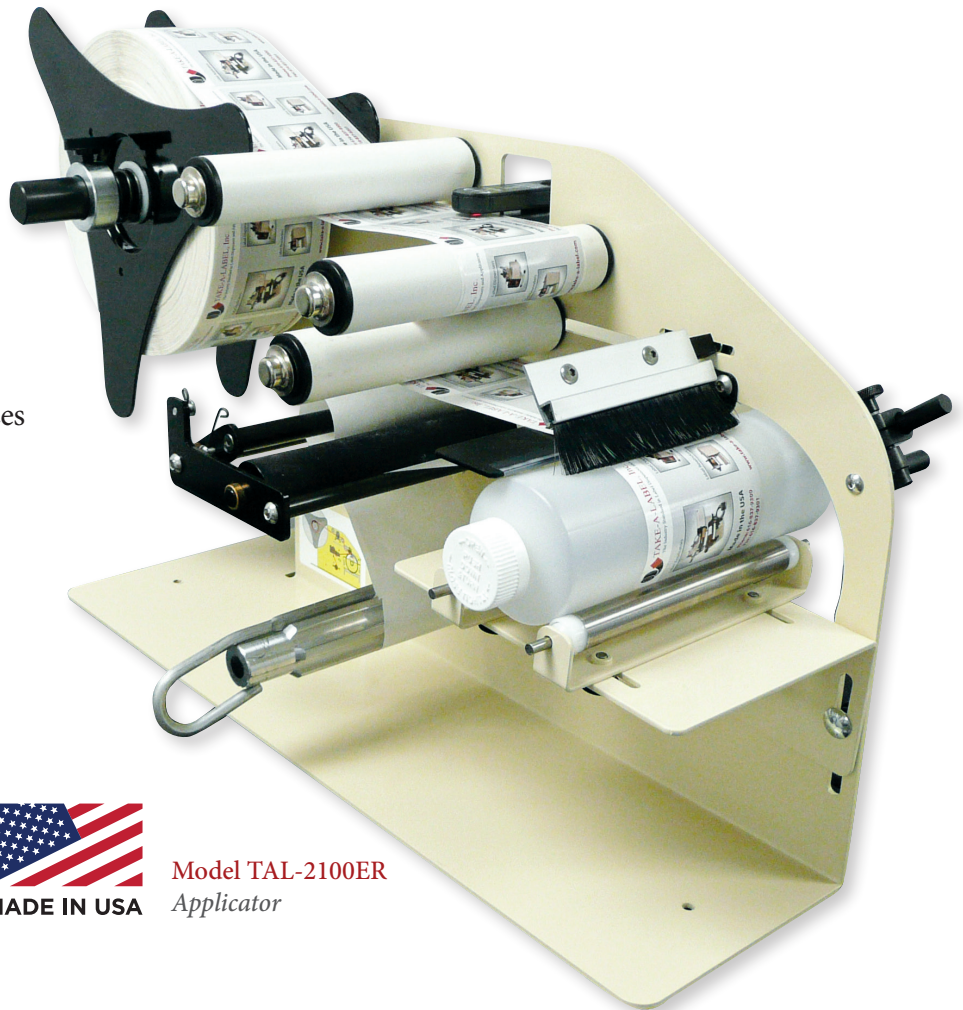

- Photo cell label stop
- Broad product size range
- Heavy duty all steel frame with powder coated finish
- Heavy duty motor with built in overload protection
- No tool's required to change product sizes

Specifications:

- Maximum roll diameter 12"
- Product size 1" to 5"
- Minimum label size 1" X 1"
- Maximum label width 5"
- Core size 1" or 3"

Options:

- 7" wide label kit
- Clear label photo cell
