TACH·IT ®

Ben Clements and Sons, Inc.

We Offer Solutions for Productivity.

Model # LB7:
Bottle and Cylindrical Product Label Applicator.

- Semi-Automatic Label Applicator.

- Simply put the container to be labeled into the machine and push down the overhead pressure roller and a label is applied smoothly and consistently.

- Large range of products can be labeled including most gallon jugs.

- Heavy Duty Construction and Product Fixture for consistent label placement.

- Perfect for microbreweries, wineries, jams and jellies and for users who cannot cost justify a fully automated inline labeling system.

- Container Diameter - Maximum: 6" (152 mm), Minimum 5/8" (16 mm).

- Small bench top design.

- Easy to load and use and has adjustable product cradle.
