

Vibrant Water Resitant Color **Label Printing**

Our VP750 is making a splash!

Building on our proven technology, the VP750 combines the performance and reliability of our best-selling VP700 with Enhanced Water Resistance Ink Technology.¹

Our new technology allows customers to produce vivid water fast color labels with rich color graphics, crisp text & barcodes that are suitable for Chilled Food, Beverages, Wineries, Animal Care, Chemicals, Cleaning products and most moisture exposed products.

¹Compatible with synthetic and paper based inkjet coated label. However, users are advised to conduct their own tests for compatibility & suitability for their application prior to mass production.

Low Investment = High ROI

Fast and Flexible = Shorten Time to Market

Low Cost per Label = Higher Margin
