

LaserBand Wristband Product Portfolio

Zebra's self-laminating LaserBand® direct-print laser wristbands allow printing wristbands and labels on one sheet utilizing existing laser printers.

- Self-laminating seal protects the wristband from moisture and hand-sanitizers, preserving patient data including text and barcodes for longer wristband usability.
- Ability to simultaneously print patient chart labels and the wristband on one sheet, streamlining patient admissions.
- Available with hole-punches for securement into patient charts.
- Adhesive-free zones around form edges and holes prevent printing jamming and reduce costly printer maintenance.
- Enables quick deployment of a barcoded wristband solution without the need for a separate printer for wristbands.

LaserBand2 Advanced

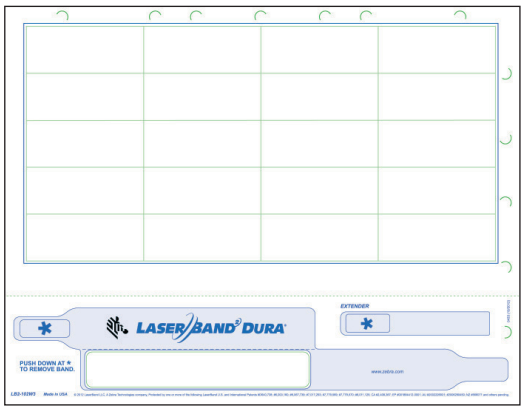

Zebra's self-laminating LaserBand2® Advanced wristbands feature an advanced shape and design that makes assembly easy and allows the wristband to lie flat on the wrist to enable quick scanning, while providing superior patient comfort.

Features Include

- Self-laminating seal protects the wristband from moisture and hand-sanitizers, preserving patient data including text and barcodes for longer wristband usability.
- Tamper-evident, adhesive closure
- Wristband extender to fit a wide range of wrist sizes
- Available in adult, pediatric and infant sizes, as well as a labor and delivery format
- Latex-free

LaserBand2 Dura

Zebra's self-laminating LaserBand2 Dura direct print laser wristbands feature a classic design that delivers improved comfort and ease of assembly over LaserBand Original.

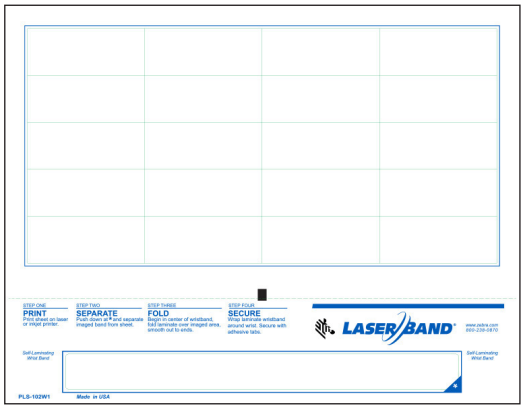

Features Include

- Self-laminating design protects printed text and barcodes
- A wristband extender to fit a wide range of wrist sizes Tamper-evident
- Adhesive closure
- Latex-free

LaserBand Original

Zebra's self-laminating LaserBand® Original direct print laser wristbands feature a classic design.

Features Include

- Self-laminating design protects printed text and barcodes
- Tamper-evident, adhesive closure available on some products
- Available in adult, pediatric and infant sizes, as well as a labor and delivery and Standard Register compatible formats
- Latex-free

Companion Wristband Accessories

Soft Infant Wristband Accessories

Zebra also offers a complete line of soft infant wristband accessories for use with the LaserBand2 Advanced laser wristbands and ID tags to ensure comfort.

ComfyCuff

This soft, foam cuff features an adjustable Velcro® closure ensuring infant comfort. It can be used in conjunction with LaserBand2 Advanced pediatric / infant ID tags. 5 x 1.25", Latex Free, Part Number: LB2-BABY-P

ComfyCuff Infant Swaddle Band

This soft Tyvek band makes identifying a swaddled baby quick and easy. The Swaddle Band creates an extension between the ComfyCuff and LaserBand2 and LaserBand2 Advanced infant ID tags allowing the tag to be easily accessible. 9" long, Latex Free, Part Number: LB2-BABY-SWB9

Clip-Closure

Self-Locking

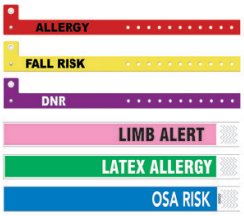

Vinyl Infant Wristband

These latex-free, soft, flexible vinyl wristbands are for use with Z-Band Fusion infant ID tags. The narrow width allows some models of "Abduction Prevention Systems" to be attached. They are available in clip or self-locking closure. The self-locking closure wristband enables size adjustment with a gentle tug as the infant loses mass around the wrists and ankles within the first 24 hours of birth.

Clip-Closure Part Number: PS-BABY
Self-Locking Closure Part Number: PS- INFANT-ADJ

Alert Solutions

Zebra's alert solutions enable compliance with state, regional and local color-coding standards for patient conditions such as allergy, DNR, fall-risk, latex-allergy and restricted limb.

Alert Identification Wristbands

Enable quick identification of special patient conditions (such as allergy, DNR and Fall Risk) with pre-printed, color-coded wristbands. Available in vinyl with clip-closure or Tyvek® with adhesive closure.

Alert Identification Labels

Spot-alert color-coded labels can be adhered to any wristband and feature a strong adhesive that causes the label to tear if tampered with. They are available in standard color and designation combinations to support the most critical patient conditions.
